§ 151.2050

- (iii) The expected date, location, volume, and salinity of any ballast water to be discharged into the waters of the United States or a reception facility.
- (6) Discharge of sediment. If sediment is to be discharged within the jurisdiction of the United States include the location of the facility where the disposal will take place.
- (7) Certification of accurate information. Include the master, owner, operator, person in charge, or responsible officer's printed name, title, and signature attesting to the accuracy of the information provided and certifying compliance with the requirements of this subpart.
- (8) Change to previously submitted information.
- (i) Indicate whether the information is a change to information previously submitted for this voyage.
- (ii) The master, owner, operator, or person in charge of a vessel subject to this section, must retain a signed copy of this information on board the vessel for 2 years.
- (iii) The information required of this subpart may be used to satisfy the ballast water recordkeeping requirements for vessels subject to §151.2040(a) and (b).
- (iv) A sample form and the instructions for completing the form are in the appendix to this subpart. If you complete the "Ballast Water Reporting Form" contained in the IMO Guidelines or complete the ballast water information section of the St. Lawrence Seaway required "Pre-entry Information Flagged Vessels Form," then you

have met the requirements of this section.
